COMPUTER DESKS

SFD023 Series- Open Front

HWT Technology tables feature a convenient 6" deep wire trough for enhanced wire and cable management. Because the wire trough has a hinged rear door, all HWT Technology tables have an uninterrupted work surface. A generous port at each end of the trough allows tables to be conveniently networked with multiple power and data lines.

Computer Table Accessories

Wire Management Panels

With our wire management panels, you can neatly and efficiently route power and communications cables beneath work surfaces. Their 5" wide cable trough readily accommodates our electrical power strip/surge protector, while two 7" x 2" cutouts in their back wall allow you to mount two power pack outlets on your table top. A wire management panel is standard on every Future Access table.

Grommets allow you to pass a power/ communication pole through a shelf or table top. Each kit contains two grommets and two 31/2" sleeves. Table drilling and grommet installation must be done by customer.

TEACHER DESK

TD001-Steel Teacher Desk

Teachers rejoice. The Steel Teachers Desk is a modern and updated desk that makes for a great addition to any classroom or office. Sturdy steel base adds long lasting durability while the laminate top is easy to clean and maintain. Double drawer pedestals include 1 file cabinet on each side which hold both letter and legal sized files. Pull-out pencil drawer allows easy access for small accessories. 2 sets of keys are included (not keyed alike). Grommet holes on the tabletop and on the back panel allow for easy cable wiring. Adjustable height feet glides allow you to level your desk on any surface.

SCIENCE TABLES

ST090 Series- Science Tables

Rectangle Shape

Biology, chemistry and related lab classes require extra-durable tables for experiments and other assignments. Since different schools have various preferences for these important products, A-Pro carries an array of science table models. A-Pro wood-frame science tables with fixed-height legs offer you the choice of an epoxy top finish or a Chemsurf laminate. Both choices are ideal for science classes.

ST090-4260	42" x 60"x 30"
ST090-4272	42" x 72"x 30"

ST091 Series- Science Tables

Rectangle Shape

For schools that specify steel-frame science tables, A-Pro has a great range of choices. Seven top sizes are available in fixed-height and adjustable-leg configurations; you can even choose adjustable tables with casters! Selected models come with a premium epoxy top finish, while all table styles can be ordered with a durable Chemsurf high-pressure laminate surface that's both chemical- and acid-resistant

Mobile Tables-MTS073

Mobile Shape Units are the perfect solution for those who prefer to use separate chairs in their venue. Built on a solid 14-gauge steel frame with tamper-free hardware, tabletops are protected with a high pressure laminate top and a phenolic backer sheet making them power washable. Storage latch release handles are easily accessible from both sides of the table without having to reach in. The storage latch automatically locks when folded for safety. Tables operate smoothly and safely thanks to the EasyLift system.

Armor Edge Colors

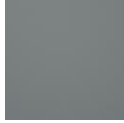

A-Pro durable, water-resistant Armor Edge optional finish is now available for an expanded range of tables, student desks and combo units.

Armor Edge forms a seamless, chemically bonded seal that prevents food particles from lodging in table-top edges. As a urethane-based sealant that's applied with an innovative anti-bacterial process for extra cleanliness, Armor Edge won't peel or flake; it even resists fading when exposed to direct sunlight. For years, we've offered the urethane-based Armor Edge as an option on our mobile cafeteria tables. But now, in response to customer requests, we're offering an array of kinds of table models.
